ABDELRAHMAN HEBA MERGAWY
Cybersecurity Engineer | Offensive Security & Penetration Testing
Beni Suef, Egypt | +20 112 138 9414 | abdulrahmanhyba@gmail.com | linkedin.com/in/abdulrahman-hyba

1 Professional Summary

Cybersecurity Engineering undergraduate and Offensive Security Freelancer with practical training in network security and software testing. Focused on red teaming and vulnerability assessment, with hands-on experience in Linux system administration, network auditing, and secure application development.

2 Skills

Offensive Security & Networking: Penetration Testing, Vulnerability Assessment, Red Teaming, Network Auditing, SOC Investigations, Incident Response
Systems & Tools: Linux (Kali, Red Hat), Bash Scripting, Active Directory, Nmap, Wireshark, Hack The Box, TryHackMe, LetsDefend
Development & Testing: Python, Java, SQL, HTML/CSS/JS, Software Testing, Test Case Design

3 Experience & Training

Freelance Network Security Auditor | *Self-Employed, Remote* Aug 2026 – Present
Audit and assess network infrastructures to identify vulnerabilities and security gaps.
Utilize Nmap and Wireshark for network mapping, service enumeration, and packet analysis.

Network Security Trainee | *National Telecommunication Institute (NTI), Remote* Apr 2026 – Jun 2026
Completed an intensive program in network security architecture and infrastructure defense.

Software Testing Specialist Apprentice | *Digital Egypt Pioneers Initiative (DEPI), Remote* Jan 2026 – Apr 2026
Completed specialized training in software testing methodologies to ensure application quality.

4 Projects & Labs

SOC Investigations | *LetsDefend* Mar 2026 – Present
Investigated endpoint logs and C2 indicators across incident response scenarios, including Lumma Stealer and LNK exploit analysis.

Penetration Testing Labs | *Hack The Box, TryHackMe* Jan 2026 – Present
Solved practical challenges covering reconnaissance, enumeration, exploitation, and privilege escalation.

Pharmacy Database System | *GitHub* Oct 2025 – Dec 2025
Built a relational SQL database with a custom Python GUI for inventory management.

Tractor Manager PWA | *GitHub* Jun 2025 – Sep 2025
Designed an offline Progressive Web Application using HTML/CSS/JS for service tracking.

5 Education

Beni Suef National University (BNU) | *Beni Suef, Egypt* Sep 2024 – Jun 2028
Bachelor of Engineering in Cybersecurity
Core Coursework: Cryptography, Computer Networks, Data Structures, OOP (Java), Database Systems, Computer Architecture.

6 Certifications

Oracle AI Foundations Associate — Oracle Aug 2026
